Each exhibitor will complete arrangements for removal of his or her material from the David L Lawrence Convention Center in accordance with the instructions provided in the Exhibitor Services Manual. All material must be packed and picked up by 12:00 PM on October 17, 2025. Any material not called for by said time and date will be packed and shipped at the exhibitor's expense, by a carrier selected by the official drayage contractor.

5 | CHILDREN No one under the age of 18 will be permitted on the exhibit floor during installation and dismantle hours.

6 | FAILURE TO OCCUPY SPACE Space not occupied by 3PM on Tuesday, October 14, 2025, may be forfeited by exhibitors and their space may be resold, reassigned, or used by Event Management without refund.

7 | RATES, DEPOSITS AND REFUNDS Space will be rented at the rate of \$54.50 per square foot / \$5,450 per 10' x 10' linear space in accordance with the application form, with a \$200 additional charge for each corner assigned. For exhibitors who are NHA member organizations (i.e., NHA Members), space will be rented at the rate of \$39.50 per square foot / \$3,950 per 10'x10' linear space in accordance with the application form, with a \$200 additional charge for each corner assigned. A 50% deposit is due by April 1, 2025, with final payment due by July 15, 2025. Payment can be made by bank transfer, credit card, or check. Payments by check must be in USD and payable to the National Hydropower Association. All international bank fees are the responsibility of the exhibitors. In the event of a default by the exhibitor, the exhibitor shall forfeit as liquidated damages, the amount set forth above, regardless of whether or not the Event Management enters into a further lease for the space involved.

8 | CANCELLATION Cancellation requests must be submitted in writing to the Exhibits Manager. If written cancellation is received by April 1, 2025, the booth fee will be refunded 100%. After April 1, 2025, the booth fee will be refunded less 50% of the contracted booth rental fee. Any exhibitor who cancels all of its booth space after July 15, 2025, will forfeit to NHA, as liquidated damages, a sum of money equal to 100% of the full price of said exhibitor's booth space. The cancellation fee may be reviewed and potentially waived at the discretion of NHA under extraordinary circumstances. Such circumstances may include, but are not limited to, natural disasters, medical emergencies, or other unforeseen events that significantly impact the ability to proceed with the scheduled arrangements. Requests for a review of the cancellation fee must be submitted in writing and will be evaluated on a case-by-case basis.

9 | DOWNSIZED BOOTHS Space reduction requests must be submitted in writing to the Exhibits Manager. A cancellation fee will be charged for downsizing booth space. The cancellation fees listed will

be applied to the booths removed from the final booth size. Complimentary full-conference registrations will apply to the final booth size. Event Management has the right to reassign the exhibitor to a different booth space based on revised size requirements.

10 | EVENT CANCELLATION, POSTPONEMENT AND/OR RELOCATION If NHA, in its sole discretion, cancels the tradeshow, a full refund of the exhibit rental fees will be made, which is the limit and extent of NHA's liability to the exhibitors for such cancellation. If the date and/or location of the event is changed, the exhibitor has the right to request a full refund of the exhibit rental fees from NHA, and NHA commits to honoring that request, which is the limit and extent of NHA's liability to the exhibitors for this change.

11 | CONTRACTOR SERVICES An official contractor will provide all services in the exhibit area. Complete information, instructions, and schedule of prices regarding shipping, drayage, labor for installation and dismantling, electrical service, furniture, etc., will be included in the Exhibitor Services Manual to be forwarded from the official contractor in July 2025. An exhibitors' service center will be maintained during applicable hours to facilitate services requested for additional needs of exhibitors. Under no circumstances will NHA or the David L Lawrence Convention Center assume responsibilities for loss or damage to goods consigned to the official contractor. Advance shipments of exhibit material must be made to the official contractor as specified in the Exhibitor Services Manual. Should any shipments not be made as specified in the manual, the shipments will be removed by the official contractor and stored until the hall is ready to accept materials for the exhibition and all costs involved will be charged to the exhibiting company. Exhibitors are responsible for all information provided in the Exhibitor Services Manual.

12 | BOOTH DESIGN NHA follows the International Association of Exhibitions and Events (IAEE) Display Guidelines for exhibit booth design. The regulations listed herein are not intended to unduly restrict exhibits as to either design or utility. The spirit in which the rules are presented is to create and maintain an open atmosphere on the exhibit floor. In designing exhibits, traffic flow, good judgment and consideration for neighboring exhibitors and attendees should be primary objectives. Every effort has been made to ensure the accuracy of all information distributed by NHA; however, due to the everchanging needs and maintenance schedules of facilities, such as the David L Lawrence Convention Center, up-to-the minute information is not always available. With this in mind, we remind all exhibitors that NHA, the David L Lawrence Convention Center and its contractors or agent can make no warranties as to the accuracy of floor plans issued in conjunction with or pertaining to the exposition. If locations of building columns, utilities, or other architectural components of the facility are considerations in the construction of an exhibit, it is the responsibility of the exhibitor and/or his/her agent to physically inspect the facility to verify all dimensions and locations.

13 | NOT ALLOWABLE BOOTH DESIGN NHA does not permit end-cap booths, meaning a 10'x20' booth that is exposed to aisles on three sides. NHA also does not permit exhibitors to purchase linear booth spaces that are across the aisle or diagonal from one another. Example: If an exhibitor wants to purchase two 10'x20' spaces across the aisle from one another, this would not be permitted.

14 | IN-LINE BOOTHS In-line booths have only one side exposed to an aisle and are generally arranged in a series along a straight line. Regardless of the number of in-line booths utilized, (e.g., 10' x 20', 10' x

40', etc.), display materials must be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height of 8 feet is allowed only in the rear half of the booth space, with a 4-foot height restriction imposed on all materials in the remaining space forward to the aisle. When three or more in-line booths are used in combination, as a single exhibit space, the 4-foot height limitation is applied only to that portion of exhibit space that is within 10 feet of an adjoining booth.

15 | ISLAND BOOTHS Island booths are booths exposed to aisles on all four sides, with a minimum size of 20'x20'. Supplementary regulations governing such exhibits are the following:

- a. Island booths are restricted to 20 feet in height.
- b. The entire cubic content of the space may be used up to the maximum allowable height of 20 feet including signage (hanging or stationary), banners, trusses and hanging lighting systems.
- c. Any hanging signage will be hung at 20 feet from the floor to the top of the sign.
- d. No signage, lighting fixtures, or light/sign trusses are allowed outside the boundaries of the exhibit space.

16 | LIGHTING Lighting should be directed to the inner confines of the booth space. Lighting must not project onto other exhibits or event aisles. Lighting that is potentially harmful, such as lasers or ultraviolet lighting, must comply with facility rules and be approved in writing by exhibition management. Lighting that spins, rotates, and/or pulsates and other specialized lighting effects should be in good taste and not interfere with neighboring exhibitors or otherwise detract from the general atmosphere of the event. NHA reserves the right to restrict the use of glaring lights or objectionable lighting effects.

17 | SOUND DEVICES & OTHER PRESENTATION DEVICES Public address, sound producing or amplification devices that project sound must be conducted or arranged so that the noise resulting from the demonstration will not annoy or disturb adjacent exhibitor and their patrons, nor cause the aisles to be blocked. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle. Any expenses incurred in this instance will be the sole responsibility of the exhibitor. Any form of attention-getting devices or presentations must be terminated when crowds obstruct aisles or infringe upon another exhibitor's display. Music, whether vocal or instrumental, is prohibited.

18 | ARRANGEMENTS OF EXHIBITS Any portion of an exhibit that obstructs the view, interferes with the privileges of other exhibitors, extends beyond the designated booth space, or for any reason becomes objectionable, must be immediately modified or removed by the exhibitor. Event Management reserves the right to inspect the quality of the appearance of each booth prior to event opening. Where necessary, masking drape or other covering material will be placed to cover unsightly wires, unfinished backwalls exposed waterpipes or hoses, etc. at the exhibitor's expense.

19 | BOOTH MATERIALS Only fireproof materials may be used in displays and the exhibitor must take all necessary fire precautions. (See Section 34.) No combustible material will be stored in or around exhibit booths.

20 | EXHIBITOR SERVICES MANUAL Each exhibitor will be provided with an official Exhibitor Services Manual. The Exhibitor Services Manual describes the type and arrangement of exhibit space and the standard equipment provided by Event Management for booth construction. All booth space must be arranged and constructed in accordance with the guidelines, provisions, and limitations contained in the Exhibitor Services Manual. In the sole opinion of Event Management, any exhibit that fails to conform to the Exhibitor Services Manual guidelines or the provisions set forth herein, such exhibit will be prohibited from functioning at any time during the exhibition.

21 | BOOTH & AISLE SPACE All exhibit equipment and materials must be located within the booth. All personnel and promotional activities must be confined to the limits of the exhibit space. Each exhibitor is responsible for keeping the aisles near its exhibit space free of congestion caused by demonstrations or other promotions. Sufficient space must be provided within the exhibit space for the comfort and safety of persons watching demonstrations and other promotional activities.

22 | FLOOR-COVERING All booths must be carpeted. Exhibiting companies are responsible for furnishing, cleaning, and carpeting their booths. Any booth(s) not carpeted by 3PM on Tuesday, October 14, 2025, will be carpeted by Event Management at the exhibitor's expense. All exhibits must comply with the public accommodation provisions of the Americans with Disabilities Act of 1991 (ADA). Any exhibit with raised flooring must be ramped.

23 | SUBLEASING OF SPACE Exhibitors may not assign, sublet, or apportion to others the whole, or any part of, the space allocated, and may not display goods or services other than those manufactured or regularly distributed by them.

24 | CONDUCT All exhibits will be operated in a way that will not detract from other exhibits, the exhibition, or the event as a whole. Event Management reserves the right to the immediate withdrawal of any exhibit that NHA believes to be injurious to the purpose of NHA. Management reserves the right to refuse to admit to and eject from the exhibit building any objectionable or undesirable person or persons. The use of sideshow tactics or other undignified methods considered by NHA to be objectionable are expressly prohibited in the exhibition area and in any meeting room.

25 | TYPE OF EXHIBITING COMPANIES The purpose of the exhibition is to provide information and/or further the education of event attendees through product and service displays and demonstrations. Products or services exhibited must be pertinent to the attendees' professional interests. NHA reserves the right to restrict who may exhibit at the event and exhibit sales activities that it deems inappropriate or unprofessional. In addition, NHA reserves the right to prohibit any company, association, or entity from exhibiting at the event who has products or services that compete with the products and services NHA provides.
